Walter Rausch, father of the Rausch boys, who entered a plea of guilty, was sentenced on five charges. On the first he received 2 1/2 to 5 years in the western penitentiary; on the second, 2 to 4 years, to date from the expiration of the first term; on the third, fourth and fifth charges he was given from 2 to 4 years each, the sentences to run concurrently with the second. ## Many More C.W.A. Projects Approved

Christmas came early to the CWA offices with Santa Claus riding the Western Union wires instead of the traditional sleigh. The old boy called this morning at the office with a little yellow sheet which approved telegraphically all the projects which have not yet been approved. Formal approval is on the way and the receipt of it is the authority to put some 1500 more men to work. There are now about 1100 at work.

The approval of so many projects at once means a lot of work for the Employment Office. The minute the formal approval is received Mr. Meermans will be asked to provide skilled and unskilled labor for the projects and this augurs a busy week next week.

Plans Ready  
Engineers and architects in the CWA office have been busy on the detail of plans for the various jobs and when the formal approval is received the plans for the jobs will be received.

As fast as possible men will be sent out on the jobs and it appears (Continued on Page Two)

### Observations Inspired By Christmas Shopping Crowds

To Mickey Mouse, Minnie Mouse, and the Three Little Pigs go the popularity honors of Toyland according to a local merchant who has watched with interest the sales in the children's department this year. Flip, the Frog has appealed to many of the wide-eyed little patrons and fond parents have quietly slipped the price tag equivalent to the clerk and whispered something about having it "saved."

Yet another merchant says that those good old perennial favorites, rubber balls, dump trucks and drums are the best sellers.

A North Hill mother of a three year old is just about ready to hand over full responsibility for the youngster's Christmas to the little girl's father. The child says she would like several things for Christmas but the main thing must be a "persimmon." She has never eaten a persimmon to her parents knowl-

edge, nor had she seen one, and probably will be very disappointed when she finds just exactly what it is.

"I don't need the senate's protection," Henderson asserted today. "This man should be released."

### MAY, 1934, TO BE SIGNIFICANT DATE

Correspondent  
WASHINGTON, Dec. 21.—President Roosevelt has apparently completed plans for carrying forward the second cycle of the giant recovery program which he brought into being last spring.

The president has definitely fixed May 1, 1934, as the date specifically marking completion of the first phase of his drive toward prosperity. Careful observers advanced the logical argument that the executive would not so certainly fix such a date without first planning the steps ahead.

May 1 Deadline  
Looking into the new year, it appeared the first of May probably will prove one of the significant dates of the administration of Franklin D. Roosevelt.

At that time, two of the major motivating forces of the recovery drive will have finished their work—the president's blanket code or reemployment agreement and his Civil Works administration which has put 4,000,000 men to work in the past eight weeks.

Meanwhile, the president has started under his newly created national emergency council setup, a process of coordination of all the alphabetical agencies such as the NRA, AAA, PWA, etc.—calculated (Continued on Page Two)

### Post Office Is Ready For Rush

Windows To Be Open After  
Regular Closing Hours  
For Last Minute  
Business

Acting Postmaster Richard L. Steen has made all arrangements to take care of the 11th hour rush anticipated at the postoffice this year, and has made arrangements to keep the office open for the accommodation of local citizens until 8 o'clock tonight and Friday night.

### BIG INCREASE IN VOLUME IS NOTED

On Sunday and Monday, the employees of the postoffice will take their holiday, making up for the extra time they have been working the past week. The office will be closed all day Sunday and Monday, except for the regular dispatch of mail, and delivery of special delivery and perishable parcels.

Business Increase Seen.  
There has been a notable increase in the volume of business this year, Steen stated today, which is expected to continue during the last few days before Christmas.

Some people have evidently been confused a little on the rates for delivery of greeting cards, he asserted. Cards may be mailed in unsealed envelopes anywhere in the city or outside for a cent and a half. Sealed envelopes will be delivered for two cents in the city and three cents outside. Some people have been sending in cards unsealed with only a penny stamp on them. The receiver must pay the balance of the postage to get it.

### Say Hoover Is Out Of Politics

WASHINGTON, Dec. 21.—A thorough reorganization of the Republican party will take place before the presidential campaign of 1936, according to party leaders now gathering here for the oncoming session of congress.

In this reorganization, former president Herbert Hoover will play little part. Those who have conferred with him recently in California say that he is no longer politically ambitious, and is reconciled to the idea that the Republican nomination for the presidency in '36 must go elsewhere.

HARRISBURG, Dec. 21.—Gov. Gifford Pinchot's demands for ratification of the child labor amendment to the United States constitution were fulfilled to the letter today when both the senate and house sent him resolutions carrying out his wishes.

Notwithstanding the opposition of the regular Republican organization which failed in attempts to "pickle" the measures, the house approved the Salsus Child Labor Amendment by a 175 to 5 vote. Later the senate applied acid to the wound in the side of the organization ranks by approving a similar resolution, sponsored by Rep. Harold E. Craig, Beaver, by a 29 to 15 vote. BEVERLY HILLS, Cal., Dec. 21.—That Mussolini is a "dab." Yesterday he interviewed 92 mothers with a gross total of 1,288 children, which divides out to about fourteen head per each.

While our great slogan for the perpetuation of civilization was "a car in every garage," Mussolini's was "a baby in every arm, and more if you can carry 'em." He knows no nation ever become great on garages. You can't win a war in a Ford sedan, or repel an invasion in a Chevrolet coupe.

These other dictators think they are doing some "dictating" when they announce a budget quota. But when you start laying out a maternity quota for the women, then you really in the dictating business. That makes these other dictators look like amateurs.

# U. S. STARTS PROBE OF FRENCH SPY RING

## Report Member May Be American

Paris Newspaper Says Husband of Woman Taken Is New Yorker

## U. S. INVESTIGATES STATUS OF TRIO

By WILLIAM PARKER International News Service Staff Correspondent

PARIS, Dec. 21.—A third member of the International spy ring which the French secret service police have rounded up in the past few days may be an American, it developed today as the American consulate launched a full, independent investigation into the cases of the Americans involved.

The newspaper Petit Parisien declared that the husband of Lydia Stahl, Russian school teacher who was alleged to be "Mata Hari" of the ring, is a New York business man. The paper stated that Miss Stahl went to New York in February, 1931, and remained there with her husband until July, 1932.

**Begin Probe**  
The American consulate immediately began an inquiry to determine whether the Russian-born woman was an American citizen, and also attempted to learn more details of the cases of Robert Gordon Switz, aviator and salesman of East Orange, N. J., and New York City, and his 22-year-old wife, Marjorie Tilley Switz, a former Vassar College student.

The embassy received instructions from the American State Department to obtain a complete report on the trio. One of the embassy's first efforts met with failure when Counselor Robert Murphy failed in an attempt to get permission to talk with the young couple and Miss Stahl.

None of the three had asked the consulate to aid them. All, along with the other suspects are held incommunicado, Switz and his wife being in different jails.

Switz and the French school teacher, Madeleine Menmet, 23, were believed to have been the most active of the ring. Miss Stahl easily is the most interesting personality.

She has been around the world three times and is an excellent linguist.

**Connecting Link**  
Significantly, she has been a frequent visitor to Finland, where a widespread spy plot recently was uncovered and involved Arvid Jacobson and his wife, formerly of Detroit, Michigan, police said they had established a definite link between the Finnish plot and that discovered here.

The newspaper Paris Midi said Miss Stahl was the connecting link between an espionage bureau in Helsinki, the Finnish capital, and one here, adding that she had been engaged in spy work here since 1924.

Since that year, according to "Le Matin," she has worked hand in hand with Prof. Louis Martin, 43, Frenchman employed as an interpreter by the French navy. The paper declared she got the job for Martin, and that he had been delivering valuable French naval documents to her for nine years.

The Russian woman was said to have sent Mrs. Mary Louise Martin, one of the principals in the Finnish case, to Helsinki. Her real name was said to be Marie Schuler.

The French press disagreed on the country supposed to have employed the suspects and benefitted from their work, and the police remained silent.

Le Matin and the English papers in Paris believed the Soviet government has employed the spies.

penitentiary on one charge and 2 to 4 on a second, the sentences to run concurrently, making a total of 2 to 4 years to serve.

Clyde Rausch was sent to the Industrial Training school at Huntingdon.

**Makes Dramatic Plea**  
Walter Rausch, the father, made a dramatic plea for leniency. He said that when he had moved into Sharon from Ohio, he had tried to get work, but could not. He was refused help by the charitable organizations and the county, because he had not been in the county a year. He said that when it was seen that his family was starving, he had secured groceries on four occasions. He then moved to the Harbor, in Lawrence county. He said that after coming here he and his sons had made daily trips to the city in search of work, but could find none. He claimed that he had applied for charity to organizations and to the county. "We had nothing to eat," he said, "and no clothes to wear."

"If you had confined yourself to something to eat," interposed Judge Chambers, "we would have more confidence in your story, but you did not do this. You robbed houses of everything that you could carry away. How many houses did you rob?"

"I was in five houses in Mercer county and five in New Castle and Lawrence county," said Rausch, "believe in God, and I believe that you believe in God and I ask you to let all my heart to give me a break."

In reply to a question Rausch said that after he got out of prison in Ohio his wife was ill, and needed two major operations. He could not get money to pay for them and stole.

Judge Chambers reminded Rausch that he and his gang had caused a reign of terror in the city. Houses were looted regularly. "It is a matter which the court cannot look upon lightly," he said.

Harry McCann, operating a motor vehicle while under the influence of liquor, \$100 fine and costs and thirty days to jail. He claimed that he had some hard core while out in the country.

Harry Mooney aggravated assault and battery, \$10 fine and costs and sixty days in jail.

Harold Neal, wantonly pointing firearms, placed on probation for one year upon the payment of costs. Also assessed costs in a surety of the peace case and required to enter recognizance in the sum of \$300.

Gust Palegore, arson, sentenced to penitentiary for 2 to 4 years. It was claimed that he burned his house near Wampum. Palegore alleged that he had not been in the house for 15 hours before it caught fire.

August E. Alles, assault and battery, \$25 fine and costs and paroled.

Elizabeth Hicks, colored, carrying firearms, \$25 and costs and three months to jail.

Mike Jeannette and Albert Yeykel, boys, breaking and entering a building, paroled for three years.

At the stroke of 12 o'clock noon, the hour set for sine die adjournment of both branches, the legislative machinery ground away at its work officially the extraordinary session of the general assembly was over, but in reality legislators were still in session.

The customary procedure of turning the clocks back was resorted to in both houses.

Two bills gave final approval to two Sordani Bank Bills. One would bring under the supervision of the state banking department all state institutions not members of the federal reserve system. The other permits non-member state banks to join the federal deposit insurance corporation.

Other bills passed finally by the lower branch were:

Scott, authorizing the borrowing of money from the federal government to finance a \$14,000,000 public works program.

Ree, appropriating \$40,000 for installation of cooling system in both legislative houses.

Two bills amending the Witkin and Cordier liquor taxation acts swept to victory in the upper branch by a vote of 47 to 0. A similar vote was recorded on final approval of the Weidemann bill, authorizing branch banking in first-class townships contiguous to Philadelphia and in Pittsburgh.

Favorable votes in the upper chamber were recorded on four Fitzgerald bills extending the time for appeals from referee, board, and court decisions under the Workmen's Compensation Act. Three Harris bills amending the same act to aid workers swept to victory in the lower house. The senate also adopted the Ruth bill extending to 90 days the hospitalization period under the same act.

The galleys, which once belonged to Emperor Nero, or Emperor Caligula historians are not sure which, were found to have had a perfect system of drainage and heating, with watercocks and other adjuncts in bronze exactly like those used today.

(Continued From Page One)

home after an absence of more than 24 hours, was as puzzling as his disappearance.

He alighted from a taxi a block from the apartment and in a thin drizzle made his way to the side door where an astonished servant admitted him.

Obviously weak and feeling unwell, Livermore first told his wife, Mrs. Harriet Noble Livermore, and officials who has set up an emergency sleuthing bureau in the home, that he had undergone a mental lapse shortly after leaving his wife on the sidewalk before the apartment late Tuesday afternoon.

The next he recalled, Livermore said, was when he awoke in a room at the Hotel Pennsylvania and saw in a newspaper that had been slipped under the door a flaring headline announcing a wide-spread search was under way for him.

Although police said there were still some points they hoped to clear up, they announced no violence or crime was involved in the market operator's disappearance and the case was closed as far as they were concerned.

## NEW AUTO LIABILITY LAW IN STATE

APPROXIMATELY 20,000 Pennsylvania motorists will be required during 1934 to furnish proof of financial responsibility under the automobile liability security act that goes into effect January 1, the Pennsylvania Motor Federation, A. A. A., estimated today in a statement explaining how the new act affects operators. This figure is based, according to the state motoring body, on license revocations, accident data and other motor vehicle records covering the past five years.

The federation emphasizes that the new law does NOT compel every operator to carry insurance, as many seem to believe; that it does NOT affect motorists applying for 1934 license tags, and that it does NOT affect those who have had no accidents during the twelve months prior to applying for 1934 operator license and who have not had their licenses suspended or revoked.

The average motorist will first be confronted with the workings of the new law when he receives soon after the first of the year his application for 1934 operator license.

At the bottom of the operator license applications appears this question: "Were you involved in any accidents within or outside of this state while operating a motor vehicle during the twelve months preceding this application for license?" If the applicant was not he answers "No", affixes his signature, and that is all. If the reply is "Yes", he must answer four questions on the reverse side of the application. These questions pertain to the number of accidents, the amount of damage to his own vehicle, the total of damage claims against him for personal injury, and the total against him for property damage. Furnishing correct information is important, and P. M. F. warns, as failure to do so will result in a two-year suspension of operating privilege.

The new law does not affect the careful and responsible driver, but aims to prevent unsafe operators from running their cars until they prove that they are financially responsible.

## THE LINDBERGH FLIGHT

Colonel and Mrs. Lindbergh are home after having covered more than 29,000 miles since they left New York in their plane July 9.

It was announced at the outset of the journey that the flight was undertaken as a preliminary to establishment of regular transatlantic air routes. Colonel Lindbergh is technical adviser to Pan-American Airways, and it was as a representative of the latter that he made the trip.

Just what will come out of his journey remains to be seen. There can be little doubt, though, that the world is about to witness an expansion of air service that will take in the Atlantic. Developments have been moving in this direction for some time.

An examination of a map will show the exploratory nature of the Lindbergh flight. After proceeding up the Atlantic coast, the famous flying couple proceeded to Greenland where they flew back and forth across its ice cap and penetrated the Arctic Circle. Crossing the Atlantic by way of Iceland, they touched the Faroe and Shetland islands and completed the first stage of their flight at Copenhagen. Thence they proceeded to Helsingfors, Leningrad, Moscow, Tallinn and on to Oslo. From there they visited the British Isles before proceeding to Paris, after which they stopped at Amsterdam and Geneva, Spain saw them next. From Lisbon, Portugal, they flew out to the Azores, then heading for the African coast they stopped at Madeira, and the Canaries. From Villa Cisneros they hopped to Cape Verde Islands, then returned to the African coast at Bathurst, whence they made their jump to Natal, Brazil, and on to the U. S.

Throughout the flight, Colonel Lindbergh has held himself strictly to the work in hand. Nowhere did he prove voluble, but courteously received and responded to the greetings given in the various countries visited.

It is certain that much valuable information was collected by the colonel and his wife and that the data gathered will guide Pan-American Airways in the extension of its service.

That the couple is home without having encountered any serious mishaps will be good news to Americans generally. Considering the many out-of-the-way places visited and the unfavorable flying conditions met with at some points, it is easy to see that the colonel again has demonstrated his unexcelled skill and ability as an airman.

## HARD CASE OF A DIPLOMAT

The resignation from the service of Francis White, Minister to Czechoslovakia, offers another example to the embarrassment which many of his colleagues are now facing.

Diplomatic salaries are never excessive, and in most of the higher posts the appointee has to rely more or less upon his private means to make both ends meet. The difficulty has been enhanced by the depreciation of American currency, the effect of which is a reduction of income, and by the cut in salaries of fifteen per cent.

The expense of living in Prague is not particularly low, and every diplomatic representative has to put out money on occasion for which the government does not repay him.

So Mr. White's resignation has been accepted, and the government loses a diplomat with an experience of eighteen years in the service. It may be possible to find a reasonably efficient successor. Even so, the incident is unfortunate from any point of view. Every administration in recent years has committed itself, more or less successfully, to the policy of creating a corps of representatives abroad that rises by merit from one post to another. On no other terms can its duties be effectively performed. The diplomacy should be a reasonably assured career if the best men are to be drawn to it.

The cut in salaries may be defended on the ground of forced economy. But a depreciated currency means a further cut which there should be some way of avoiding. The longer stabilization is postponed the more serious the consequences in this and other respects will be.

What this country needs is to want what it needs.

No news may be good news, but no luck is bad luck.

Being dignified doesn't leave much time for working.

A new car model now and then is a temptation for the best of men.

**THE PERFECT FAITH**  
If you argue too persistently with me, if you insist too hotly, that you are right and I am wrong—  
If you declare I am lost unless I have your faith—  
If you pity me too openly and cannot see how I can be happy unless I live as you do—

If you make it quite plain, whenever we meet, that my only chance for happiness is to be as you are—  
Then I'll begin to think you are not as certain of yourself as you pretend to be.

I'll remember the fable of the fox that lost his fine, bushy tail in a trap and tried to persuade all the other foxes to cut off their tails, too. Because I have learned, I think, that the man of profoundest happiness does not worry greatly about how the other fellow lives.

He has found the truth somewhere. It was born in him and it is his nature. Or he has stumbled, most happily, upon it and is content with his discovery. He does not insist that you, or me, or anybody else, should become as he is. . . . He is so sure, so serenely sure, of his own fate that he does not worry about you. He does not propagandize, he does not argue; he lets you alone, and the limit of his endeavor is to hope that some time you, too, may find the path on which his feet are set.

"But that's selfishness," you may say. "If a man has found at treasure he should wish to share it with all his fellows. If he knows the truth, he should try to make that truth clear to us."

No, I do not think it is selfishness. I do not believe that any man can share the truth with me unless I am ready for it. His words will not give it to me, and all his arguments will but make me suspect that he cannot be happy unless his belief has been shared up by the confirmation of other true men. Because the only truth that will stand strongly forever is the one a man may hug to his breast when he is alone in the darkness, or in danger, in agony or joy, and that will be with him though he were the last and only human creature on the face of the earth.

**WHAT IS YOUR CHILD'S OPINION OF YOU?**

Have you ever thought about how you impress your children?

Do you realize that your children are studying you and making deductions from what you say and do? Imagine constitutes their impressions of you?

With a child's limited vocabulary it might be hard to express in words what he thinks of your motives and your actions.

But the thought, the action, and a child's interpretation are vivid. Parents are very often surprised at how they have been misunderstood.

Sometimes the child's interpretation of the parents' action is truer than anything that the parents could offer to excuse themselves.

And the worst of it is that the false impressions of childhood are very often lasting.

As people grow older they become more and more sophisticated and less and less able to see the plain unvarnished truth about themselves.

Child language may be inadequate, but children instinctively read the parent's mind.

Parents are not critical—they may only accept conditions as true. But they do not forget impressions and as they grow older, they learn to know the answer to the things they have observed but could not understand in early years.

Be sincere with children—what ever you do—and they will respect you.

There is a cue to your assistant who is wearing an old coat and vest that can stand a rip or two, to present himself for the experiment. Then you proceed to demonstrate how a vest may be removed without removing the coat as follows:

Unbutton both coat and vest. Then, beginning with the left lapel of the coat, you work as much of the garment as possible through the armhole of the vest from outside to inside. The subject's left hand and arm are squeezed through the same armhole. Then thrust the right lapel through the right armhole of the vest. Continue until the right hand and arm are manuevered through. This leaves the vest on the right arm under the coat and can be worked down along the arm and off without having to remove the coat. Of course, the trick requires practice so it can be done rapidly.

## Smith Attack Inspires New Appraisal Of Civil Works

Former New York Governor Rated As Factor In Fight  
Between Liberals And Conservatives Over  
New Policies

General debate has been aroused by the statement from former Governor Alfred E. Smith that the civil works program was adopted by Washington to make up for what he described as the shortcomings of the Public Works Administration. Most observers concede that the newer agency has given speed to recovery, but some find that criticism from the former New York Governor represents a cleavage in major parties between the conservatives and the liberals, the President being aligned with the latter.

"There will be a break-up," thinks the TOPEKA DAILY CAPITAL, "but it is Franklin D. Roosevelt and not Alfred Smith who will emerge as the actual, as well as titular, head and chief of the party." The Capital says "there is no fundamental political difference between the parties" and that "if a party realignment should occur, it would involve the break-up, a great mutual shift of individual membership from one to the other."

"The effect of the Smith statement," according to the ROANOKE TIMES, "undoubtedly will be to stimulate discussion and doubtless it will cause a more careful and analytical examination of the civil works program. We do not know that this in itself is to be deplored or that it constitutes cause for objection. It is becoming more and more apparent that from now on Mr. Roosevelt's policies are not going to be accepted with one hundred per cent acquiescence and an utter absence of criticism. The country does not give up its integrity of opinion for nothing but the sake of admiration for his courage and good intentions."

The Smith criticism comes a little late, when the Administration has just succeeded in rectifying the very failure he charges against it," says the ABILENE REPORTER. The Reporter also comments: "Smith is not the first criticism of the Public Works Administration. For weeks there has been impatience with its failure to swing its program into action to put men to work. But why quibble over alphabetical niceties? If PWA failed, its stepchild CWA certainly is succeeding in doing what Smith says PWA failed to do—it is putting men to work. About two millions have been taken off the dole and given paying jobs; two millions more will be given jobs before the program is complete. CWA cannot benefit the heavy industries," Smith charges. It was not designed to benefit heavy industries. It was intended to put men to work, and this it is doing. Surely Smith, would not argue that it is better to have men on the dole than actually working at something, earning their way and in some degree at least performing useful tasks.

"The Public Works program cannot be said to have failed," declares the ROCHESTER TIMES-UNION, "since it has not yet been suffi-

The patient did as he was told. "What is syncope?" asked the wife.

"I don't know," said the husband. "But that is what the Doctor called it."

When her husband had gone out, the wife looked up the word in the dictionary and found that it meant, "Irregular movement from bar to bar!" The hubby had more explaining to do.

**Reading The Skies**—In no phase of human activity is radio more useful than in climatology. Reports flashed from ships at sea and from places are of inestimable value in forecasting weather in U. It has been found, for instance, that many of the storms which rage over this continent are bred and born along the volcanic-formed Aleutian Islands sticking up like moles on the face of north Pacific. Off Alaska. These islands separate the air of the cold Arctic Volcanoes in the islands put forth tentacles of heat and the cold and hot waves curl around each other like watchsprings, exploding with stormy force.

## Wider Distribution Of Money In U. S. As Result Of NRA Drive

(International News Service)  
WASHINGTON, Dec. 21.—National recovery activities have brought about wider distribution of money throughout the United States during recent months, it was revealed by the federal reserve bulletin today.

Financing of the campaign by the government had a pronounced influence on bank reserves, credit and deposits.

Member bank reserves in excess of the legal requirements rose to more than \$800,000,000, of which \$150,000,000 was in New York City and the remainder at other banks. Little change was noted since July in the excess reserves at New York. The increase outside resulted from expenditures by the federal government of funds borrowed or collected

in New York and their transfer to agricultural areas in payment for crops marketed.

### Banks Show Increase.

At country banks there was an increase in deposits of seasonal nature during the autumn as customers deposited the proceeds received for their marketed crops and the funds received from the agricultural adjustment administration and the farm credit administration.

Deposits of member banks in leading cities increased in the past four months, reflecting a growth of \$400,000,000 in government deposits, which reached a level of more than \$900,000,000 on Nov. 22, and about \$200,000,000 in bankers' balances. Individual deposits showed little change.

## Old Building Coming Down

Gaping holes are making their appearance in the old Martin Gantz building. The windows are all removed, part of the roof is off and the plumbing fixtures are torn out. Timbers are being lowered over the side of the building from the top and the thud of falling bricks can be heard inside.

Under the direction of Edwin A. Porter, the foreman on the job the men are dismantling the building, using every precaution to avoid accident. A fence has been erected on Jefferson street to prevent passersby from getting hit with falling timber or brick, and every operation is being made with care.

It will be some time before the building is entirely razed as it is hoped to save as much of the material as possible. This will mean more than the ordinary care used in tearing down buildings.

It is estimated there are 500,000 bricks in the old place, many perches of building stone and thousands of feet of lumber that can be used.

## Young Flier Missing On Flight From Pontiac To Detroit, Searchers Comb Area

(International News Service)  
DETROIT, Dec. 21.—A baffling mystery of the air confronted authorities of Southeastern Michigan today as airman failed to find any trace of Alonzo Layman, 27, who disappeared Tuesday on a 30-mile flight from Pontiac to Detroit.

The flier had only gas enough for two hours' flying.

Layman borrowed a friend's red biplane Tuesday and took off from Pontiac airport intending to fly to Detroit city airport and take a pilot's license renewal test.

He never reached a Detroit port. It was feared he became lost in fog and fell into Lake St. Clair.

## Alleged Leader Of Extortion Mob Held In Boston

Police Seize Dr. John M. Gray, With Many Aliases And List Of Wealthy Persons

BOSTON, Dec. 21.—A "blue book" containing the names of 70 prominent Bostonians, 40 of them women, and their financial status, found with the arrest of "Dr." John M. Gray, alias Mason and Mulloy, today convinced authorities that an organized gang was engaged in an attempted wholesale swindle and extortion plot.

Gray, suspected of being the "front" for the gang, was placed under arrest in a private room at Central hospital, Somerville, where he had been removed from the Cambridge hospital. He suffered injuries December 6 during a celebration of prohibition repeal.

## Federal Liquor Board To Wield Great Big Stick

Distilleries Will Have Permits Revoked If Inferior Liquor Is Manufactured

(International News Service)

WASHINGTON, Dec. 21.—The federal alcohol control administration will "wield a big stick" in curbing excessive liquor prices and sale of poor quality liquor stocks, Chairman Joseph M. Chaote declared today.

"The administration will revoke distilleries permits when the quality of liquor is shown to be inferior," Chaote said. "The administration also will prevent attempts to gouge consumers through high prices. Manufacturers must post price lists with the code authority. If these prices are too high and we receive complaints from wholesalers and retailers we will step in."

## Big Crowd Sees Bumpers Removed

Huge Cranes Used By P. and L. E. Railroad Company In Making Changes

Surrounded by an interested crowd of spectators, Pittsburgh & Lake Erie Railroad company employees this morning were engaged in moving the three big concrete bumpers, weighing about 40 tons each, to a new location near the union station on East Washington street.

A mammoth crane, from the wrecking department of the railroad, was run up on the siding to a point near the bumpers. Grappling hooks were then secured under the bumpers and the huge masses of concrete were swung into place in their new locations, about 100 feet back of the present.

The huge carrying capacity of the cranes was the feature that held the crowd in awe, as the power was applied. It is said that the cranes have a lifting capacity of around 100 tons.

## Scout Leaders Have Session

Dr. C. C. Green Speaks To Leaders Wednesday At New Wilmington

Two interesting addresses were delivered at the training session of Lawrence county and Mercer county scout leaders, Wednesday evening, at Westminster college.

J. B. Fairman, unit executive of Allegheny county council, gave a worthwhile talk on "Ceremonies in the Scout Program". In his address, Mr. Fairman said that scouting is the open sesame to the boy's soul and that scouters have a peculiar privilege in being able to use this key.

"A ceremony must be appealing, brief, clear, dignified, simple and solemn," Mr. Fairman said. He drew largely from his own experiences as a leader. Dr. C. C. Green, superintendent of New Castle schools, delivered the other address, speaking on "The Boy's Reading Program".

The leaders will hold their next session on Wednesday evening, January 3.

## Scout Leaders Have Session

Dr. C. C. Green Speaks To Leaders Wednesday At New Wilmington

Two interesting addresses were delivered at the training session of Lawrence county and Mercer county scout leaders, Wednesday evening, at Westminster college.

J. B. Fairman, unit executive of Allegheny county council, gave a worthwhile talk on "Ceremonies in the Scout Program". In his address, Mr. Fairman said that scouting is the open sesame to the boy's soul and that scouters have a peculiar privilege in being able to use this key.

"A ceremony must be appealing, brief, clear, dignified, simple and solemn," Mr. Fairman said. He drew largely from his own experiences as a leader. Dr. C. C. Green, superintendent of New Castle schools, delivered the other address, speaking on "The Boy's Reading Program".

The leaders will hold their next session on Wednesday evening, January 3.

## Auto Dealers Hear Code Head

District Administrator Bennett, Of Pittsburgh, Speaks At Dinner

### ANSWERS QUERIES ON CODE PROBLEMS

One of the largest meetings of the Lawrence County Automobile Dealers Association yet held here, took place last evening in the Elks Club, when A. C. Bennett, of Pittsburgh, district code administrator, spoke on the Auto Dealers Code.

The meeting was preceded with a dinner at 6:30, and practically every auto dealer in the county was represented.

Mr. Bennett stated that the automobile retail code came the nearest to what the Code Administration in Washington desired, and went through with less trouble than any other code, due to the fairness of its provisions both to the dealer and the buying public.

He stated that ninety per cent of the automobile dealers in the United States were adhering closely to its provisions, and stated that it was up to them to prevent the other ten per cent from violating the code provisions.

He urged liberal use of the local credit bureau to keep the dealers' accounts receivable at a low point, in order to keep their business in good financial condition.

He stated that the Guide Book was made up from the records submitted by the dealers themselves, and that these records were averaged. The buying public sets the price for used cars in this way. The next Guide Book will be issued January 10, he stated.

He stated that demonstrator cars must be registered with the Administrator, a demonstrator being required to be used for 90 days and have a mileage of 3,500 miles before it can be classed as such. It is required that speedometers be attached from the time they leave the factory until delivered to the customer, so that the actual mileage on a machine may be known by the purchaser when he buys it.

Any violations of the code are to be reported to the local committee, consisting of L. C. John, James W. Barnes, J. W. Hartwell, of New Castle, and Cliff Bauder and J. P. Cope, of Ellwood City. If they are unable to settle any disputes that arise, they are to report to the Code Administrator.

## Send Two Men To County Jail

Thirty Day Sentences Are Meted Out By Mayor Mayne

Charles Hudson and "Doc" Hopkins, both colored, will eat their Christmas dinner in the Lawrence county jail, both having been sentenced in police court today to serve 30 days.

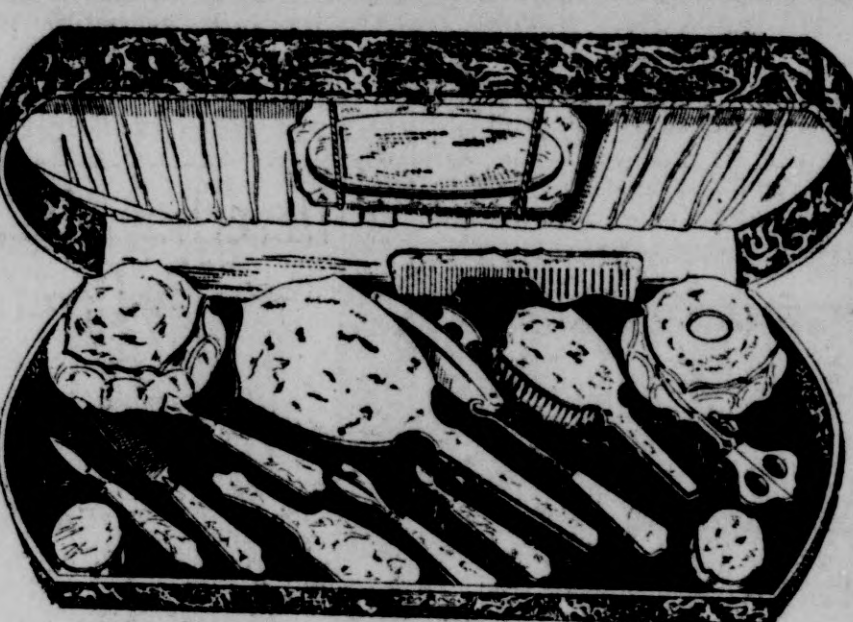

Hudson, according to Mayor Mayne's questioning, made the error of having his hand in a white man's pocket when a policeman came along. This occurred in an alley running off Moravia street.

Hopkins erred when he visited a Moravia street plant, solicited a dime and when refused is alleged to have warned: "Perhaps sometime you may find yourself blown up."

"Guess" is colloquial in the United States to express supposition, expectation, or intention. Say "think," "suppose" or "mean."

GROVE CITY, Pa., Dec. 21.—Word was received from Rev. H. M. Stevenson, of Farrel, Mercer county assemblyman this morning, that the McElwee bill, relating to the refusal of licenses in local option territory, had died in the senate. This was a great disappointment in Grove City, where there are two liquor licenses. The next legal step here will be to vote on the question in 1934. This city voted 4 to 1 for local option at the November election, and Judge McLaughrey by a recent decision has knocked out all beer licenses.

## Fight Change Of Venue For State Trooper Mehallic

Supreme Court Grants District Attorney Of Indiana Extension Of Time

(International News Service) PHILADELPHIA, Dec. 21.—The state supreme court in a per curiam order today granted W. M. Ruddock, district attorney of Indiana county, an extension of time until February 1 in which to file his answer to the petition of counsel for John Mehallic, a state policeman, that he be granted a change of venue in his trial on a charge of slaying Wilbur O. Vite last April 21.

A change of venue was asked by Mehallic's counsel on the contention that local agitation would prevent his receiving a fair trial in the case, which aroused considerable comment.

The supreme court had issued a rule on the district attorney to show cause why the change of venue should not be granted. Immediately after the per curiam order was issued today the supreme court prothonotary here notified the prothonotary for the western district at Pittsburgh to grant Ruddock the time extension.

The trial had previously been scheduled for December 14.

## Our New Court House And Christmas

'Twas the week before Christmas, And all over the town, A rumor was current— That no one could down. "We need a New Court House," Grand Juries all said, "If we with the times Would keep going ahead." And so our Commissioners— With prudence and tact, Just let it be known. All the truth and the fact. "A site could be bought, But the money! 'Tis true, Would have to be borrowed. But that isn't new."

Many men are now idle, And anxious to work. They are hungry and needy, And no job will shirk. Our helpless and suffering— In County and Town, Must be helped to the limit. This problem won't down. "We can borrow the money On terms that are just," And the people all cried, "Tis our duty; we must." And so with one voice— That was heard through the land, Said neighbor to neighbor, "On this—here's my hand." Here is our chance To build and build right, Our men need the work And the "money's" in sight.

Let us all stand together, With wisdom let's plan— How best help our needy, All help—where we can. Now would you believe it, This rumor it grew— And other work started, On jobs, quite a few. The people took courage, And people agreed— Collectively speaking— "That's just what we need." The Court House was started— On turn of the year, Thus bringing much joy And likewise much cheer. And other good contracts Were thought out and planned. All thoroughly tested, The worthless were banned; On jobs that had merit, The money was borrowed. All worked with good will, And nobody "hollored." So the week before Christmas Brought all the good news. Men talked on street corners, In threes and in twos, And Mothers and kiddies

Just crowded the stores, And started to buy Everything on the floors. So you see what a good thing, With merit will do. It helps everyone. That Takes in Me and You. So our men, they got working, Bought food and bought clothes, For their loved ones had suffered, As God only knows. EDWARD J. DAVIS.

gan, was studied today by John S.  
Pratt, assistant attorney general, as  
he attended the senate banking in-  
quiry.

Pratt was an interested observer  
at the inquiry when Robert O. Lord,  
former president of the banking  
chain, admitted the individual in-  
debtedness of several unit banks had  
been concealed in public statements  
of their financial condition. This  
was accomplished, Lord admitted,  
through an involved bookkeeping  
scheme.

**Declines Interview.**  
Pratt took notes at the hearing  
and secured copies of Lord's testi-  
mony to determine whether the  
banking group's officials could be  
prosecuted on charges of using the  
mails to defraud or on charges of  
falsifying bank entries. He declined  
to be interviewed.

Ferdinand Pecora, special senate  
counsel, planned to question Lord  
about each instance of hidden in-  
debtedness.

Two different schemes were used,  
Lord said.

One was the purchase of doubtful  
assets from a unit bank by the big  
Guardian Detroit bank.

The other was to rescue a unit  
bank through a loan and then post  
the loan as a deposit on the books  
of both banks, in order to hide the  
indebtedness. The result was to  
make both banks appear stronger.

## Operetta Heard By Large Crowd At Union High

"On Christmas Hill" Presented  
Expertly For P. T. A. By  
Elementary Grades

Parents and friends to a number  
that taxed the capacity of Union  
high school's auditorium gathered  
to hear the operetta, "On Christmas  
Hill", presented by the elementary  
grades of Union consolidated school,  
at the regular meeting of the Union  
Township Parent-Teacher associa-  
tion, Tuesday, Dec. 19, at 8 p. m.

The Operetta portrayed the ef-  
forts of four orphans to bring a  
real Christmas to the babies in the  
orphanage. The orphans, with the  
children of all nations, gather on  
Christmas Hill and are presented  
by the fairy, Star-gleam, to the  
Christmas spirit who grants their  
wishes and assures a Merry Christ-  
mas to all. The moonlight chorus  
of sixty voices singing Christmas  
carols added much to the effective-  
ness of the production.

The cast of characters, each of  
whom is to be complimented for his  
able performance, was as follows:  
Mary—Grace Reynolds  
John—Bruce Wheaton  
Katherine—Betty Critchlow  
Sadie—Ruth Letzkus  
Spirit of Christmas—Heien Lec-  
hardt.

Star-gleam—Norene Buchanan.  
Madonna—Thelma Wink.  
Babies—Edith Shira, Donald Kerr,  
Jean Anne Covert, Margaret Sny-  
der, Guy Bailey, Arthur Chell, How-  
ard Hartzell, Esther Phillips.

Poor Little Rich Children—Ed-  
ward Reynolds, Eleanor Montgomery,  
Betty Bussey, Dorothy Flaugh-  
er, Virginia Wilson, Frank Blum-  
quist, Billie Gray, William McGui-  
lough, Dorothy Rudt.  
Fairies—Whitford Morrow, Betty  
Duncan, Margaret Paden, Eleanor  
Stevens, Annabelle Gail.  
Children of All Nations—Eugene  
Kerr, Dorothy Beach, Walter Swi-  
gart, Helen Palmer, R. C. Miller,  
Betty Lou Rudesill, Edward Walls,  
Margaret Montabon, John Taylor,  
Jane McGrew, Wayne Carpenter,  
Betty Blumquist, Robert A. Duff,  
supervisor of music assisted by  
grade teachers, Jennie Johnson,  
Verna B. Green, Ruth E. Kelly, and  
Olive M. Ziegler, directed the oper-  
etta.

Opening numbers by the high  
school orchestra were, "Dance of the  
Crickets", "Les Adieux", and "Emerald  
Waltz". Between the acts, Union's  
mixed chorus rendered "The Birth-  
day of the King" and the French  
carol "Shepherds Sing Noel". Solo-  
ist was Donald Jones.

Joseph Todd was the able stage  
manager to whom much credit is  
due.

Following the presentation of the  
operetta a short business meeting  
was held with Mrs. W. G. Wilkins,  
president, presiding.

METHODIST MEN MEET

Luscious roast beef, steaming  
mashed potatoes covered with deli-  
cious gravy was served to approxi-  
mately 50 Methodist men of the  
Methodist church on Tuesday night  
when they assembled for the month-  
ly Brotherhood meeting.

After the dinner was enjoyed,  
Thomas Rogers, local vocalist, led  
in the singing of several Christmas  
carols which were enjoyed with  
 gusto. A short business meeting was  
held and current business items  
cleared up. Dr. H. L. Black, superin-

tendent of the Sunday school, then  
introduced the guest speaker of the  
evening, Dr. C. C. Green, superin-  
tendent of the New Castle schools.  
Mr. Green used the theme "Where  
Do We Go From Here" for his  
speech. His talk dealt with the eco-  
nomic, political and social aspects of  
the world today. In clear, earnest  
words he described the somewhat  
lamentable chaos that the world is  
enduring today. Interspersed with  
bits of humor, his speech was de-  
cidedly interesting and a tremen-  
dous ovation was accorded him as  
he finished.

The chefs and "chief cooks and  
bottle-washers" were then called  
from the kitchen where they were  
performing their scullery work, and  
accorded the applause they merited.

The committee, under the direction  
of C. G. Lamb, included Clifford  
Cox, Thomas Hutchison, Lou Zook,  
Joseph Eckles, Harold Green, Harry  
Green, Thomas Cox, William White  
and Andrew Thompson.

JAIL REOPENED

Following the custom in other  
towns in late years, New Wilming-  
ton has closed the town jail for the  
past few months. "Weary Willies"  
of the highways had come to regard  
it a paradise for those who chose  
to live by loafing for they were fed  
and given a neat, clean place to  
sleep. The multitudes that flocked  
here for some time was alarming  
and town executives decided that it  
would be best for all concerned if  
the jail portals were closed. Recent-

ly action has been taken to open  
the jail and now its doors are open  
to any unfortunates who desire a  
place to sleep.

VACATION

The Yuletide season will cause  
even less excitement in New Wil-  
mington than usual. With Westmin-  
ster college closed for the vacation  
period the usual solemnity and quiet  
of the village, will be even more  
ominous. College vacation starts on  
the 21st while the community school  
will be out the last of the week.

Dad's objection to thirteen sitting  
down at the table is the enormous  
amount of food that thirteen can  
consume. The Helena Montana

## Pair Convicted For Beating Up Teacher

BUTLER, Pa., Dec. 21.—John and Joseph Maliz, brothers, were convicted of assault and battery today as the result of an attack upon T. Earl Boliver, supervising principal of Butler township schools.

Boliver disciplined Steve Maliz, a brother of the pair. Police charged John and Joseph went to the school and attacked Boliver.

His banishment from Athens suggests that Mr. Insull overlooked the quaint old Athenian custom of exiling famous men. It was an ancient habit 2,000 years before he went classic.—Chicago Daily News.

## Many Will Take Part In Coming Musical Comedy

Ed. Pritchard Will Play Part Of Sheriff—Dance Numbers To Feature

Giving the impression that they are famous detectives, Charles (Nig) Allen and Alfred Howard enact an uproarious scene that is one of the best in "Heads Up," the four-act musical comedy being presented by local talent at the Cathedral auditorium Friday evening. Assisting them in their farcical act are Norman (Scoots) Nelson as a guard, Frank Humphrey as a colored porter, and Ray Colbert as a sleepy lunatic.

Ed. Pritchard is playing his real life role as sheriff in this production, arriving on the stage in time to take the gangsters to jail. Floyd Cotton and Joseph S. Martin will appear as his deputies.

## AROUND CITY HALL

Mrs. Minnie McKibben, police matron, is proving a mother to many girls who unfortunately have erred, and when asked today "Are you being kept busy?" she replied in the affirmative. She said that she does not favor committing to institutions young girls, providing they want a chance to make good, and rather than have the girls who have made a misstep travel to the police station in answer to her summons, she invites them to her residence where they will not need run the gauntlet of morbid eyes. Asked if she kept a record she said she kept a "Blue book." Her mission, Mrs. McKibben said today is to try and reconcile married people whose matrimonial ship is about to crash on the jagged rocks of trouble and to aid girls rather than to punish them.

It is apparent that the employees of various city buildings do not waste gas as the monthly bill, according to finance department figures runs about \$45.68, a month. Statistics also show the telephone rental for the year 1933, will be about \$1,662.00. There are approximately three dozen telephones and many extensions.

The cost of making the triennial assessment here for the years 1934, 1935 and 1936, will not run as high as it was estimated by council last December when the body appropriated \$3,300, for the job. According to Councilman Hoyland the assessment taking will cost about \$2,600.

It is not often that city officials hand out bouquets but one of the officials today characterized James Mayberry, collector of city mercantile tax as the best collector the city has had. He has almost completed the 1933 collection and it is anticipated that when this task is done he may be assigned to make an effort to collect some of the 1932 tax which has not yet been collected.

Seventy six thousand, five-hundred dollars was appropriated for electric lighting when city council compiled the 1933 appropriation but it is not believed that the cost of illuminating all buildings and streets will reach that mark. According to figures obtained from the finance department the cost will be less than \$75,000, which is less than it cost in 1932.

The director of city finance is the third person to confirm the estimate written sometime ago which was to the effect that the assessed valuation for tax purposes for 1934, would be about \$50,000,000. Today he estimated the assessment would be about \$6,500,000, lower than last year.

How to hold the millage as it is at present, despite the shrinkage in the assessed valuation will prove a problem for council when the body goes to the mat with the budget. However, one councilman declared today he would not favor another reduction in city employees salaries, which will be good news to them.

## Rev. DeMita Will Give Away Treats

Kiddies To Receive Over 1,000 Christmas Bags On Sunday

Some 1,000 boys and girls, attendants of the St. Vitus Sunday school classes, are anxiously awaiting Sunday afternoon, when Rev. Nicholas DeMita, pastor of the church, will hand out 1,000 treats, it was announced today.

Sharply at 1:00 o'clock, Rev. DeMita and his assistant Rev. Albert Farina, will go to the home of Michael Lastoria on Croton avenue, where the boys and girls of that district who attend Sunday school, will receive their Christmas treat.

At 2:00 o'clock, the basement of the St. Vitus church, Rev. DeMita will give away treats to the remaining groups of boys and girls. A program has been arranged for the afternoon. Rev. DeMita also announced today that he will give the teachers a treat, as a token of appreciation for their efforts during the year.

Recently the St. Vitus pastor organized a teaching staff, carefully selecting 85 young women, members of the church, to teach catechism every Sunday afternoon. Classes are taught in five districts in New Castle.

## On Court House Hill

Ambition to hold office does not seem to be very strong in Washington township. At the recent election there should have been a candidate for township auditor, but no one ran for the office. Yesterday citizens presented a petition in court asking that one be named. Judge Hildebrand appointed James M. McConnell.

County Detective H. M. Lee was going through the "morgue" at the court house yesterday, resurrecting some of the mementoes of trials during his term of office. The morgue is located in a little room in connection with the library. It is filled with stills, bottles, jugs, revolvers, knives and other exhibits that have been used during trials. One of the most interesting is a sack full of weapons that have figured in murder trials. Automatics and the common type of revolver, all sizes, colors and shapes, make up the collection. There are several guns that have been through fires. One of these was found in the Rausch house which was recently burned, and which led to the finding of all kinds of stolen plunder, and the conviction of the thieves. The guns are turned over to the state police and if they are not called for by the owners are turned over to the department at Harrisburg.

District Attorney John Powers will leave office with all cases cleaned up, except a half dozen that were continued until the March term of court. These cases are of a trivial nature. There are no murder or other serious cases on the docket. When Mr. Powers assumed office there was one murder case that had not been disposed of, that of John D. Severs for killing his wife and Mrs. Catherine Rodgers. District Attorney Powers has had a number of important cases during his term of office the most noted being that of Irene Schroeder and Glenn Dague for the murder of Corporal Brady Paul. Mr. Powers has made many friends since assuming the office of district attorney, and has exhibited marked ability in the trial of cases. He is seen at his best when addressing a jury, being able to make a powerful and convincing plea.

Mrs. Winifred James, librarian of the law library, has recently made an inventory of the number of books in the law library, and finds that there are around 6,205. These books are used by attorneys to supplement their private libraries. It is too expensive for attorneys to purchase all the books necessary for their individual offices. Law books are very expensive, so the bar association maintains the library for the use of all members. Mrs. James, who is in charge, is at the library every day, has a thorough

knowledge of the books, and is able to assist attorneys and the court in a very material manner. She also has charge of the telephone in connection with the library and during court sessions is usually kept pretty busy answering calls and summoning attorneys who are wanted. She can always be relied upon to perform her duties promptly and courteously.

All of the officials at the court house have received 1934 calendars for display in their offices. It used to be that they were flooded with calendars about this time of year, but now they are lucky if they get two or three. Many of the firms that put out gaudy calendars in the days when they had plenty of the wherewithal to buy, have climbed on the economy bandwagon, and discontinued the practice.

Sheriff Frank Johnston reports that he now has nine women confined in jail, the largest number for some time. They are all in on minor charges. Most of the women in jail like to be busy. They knit, sew, read and play cards. During the day they usually spend their time in the corridor, which is provided with benches and tables. At night they are locked in their cells. The women's department is located on the second floor at the east side of the jail. The windows, strongly barred, look out upon an alley, so that there is not much opportunity for sight seeing.

**DONORS TO LIBRARY.**  
Donors to the New Castle free public library collection during the month of November included Mrs. C. A. Furgione, H. M. Jameson, and the Yale University Press in memory of William McKean Brown.

**USE READING ROOMS.**  
Three thousand twenty New Castle people used the reading rooms of the New Castle free public library during the month of November, according to estimate made by the library staff.

Of this number, 2,045 used the adults rooms and 975 the rooms of the juvenile department.

# Liquor Control Board Planning Bootleg Fight

State Stores Opening In January Hope To Run Bootleggers Out Of Business

(International News Service)  
HARRISBURG, Dec. 21.—Without specifically recognizing criticism of its prices, the liquor control board today was on record with the declaration that it is prepared to "wipe out bootlegging by making it unprofitable as well as difficult."  
The control board pointed out that its duty to its customers is to insure that only safe liquors are sold, and those at the most reasonable prices possible.  
"The control board any other reputable dealer can match bootlegger prices by distributing bootleg liquor," the statement said. "It is one thing, however, for a bootlegger, with no respect for the law and very little regard for the health and safety of his customers, to sell colored alcohol and water in an alley. It is quite another problem to sell bona fide liquor and wines with the assurance that the customer gets just what he pays for and may drink it safely."  
Thirteen more options were announced by the board together with 136 more retail liquor store licenses which brings to 3,764 the total retail establishments in the state.

# 30,000 Drivers In Philadelphia May Go On Strike

(International News Service)  
PHILADELPHIA, Dec. 21.—Unless the Philadelphia Rapid Transit company acts favorably by 10 o'clock tonight on the national labor board's dictum to rehire all striking taxicab drivers the city will be plunged into the throes of a general transportation strike involving 30,000 drivers.  
That was the ultimatum delivered to the PRT early today by representatives of nine drivers' unions who waited for several hours last night for the transportation company to announce its stand on the national labor board ruling.  
The proposed general strike would paralyze coal, milk, vegetable and provision deliveries as well as the huge amount of Christmas vehicular transportation and would except only trolleys, subways and postal trucks.

# McElwee Bill Is Allowed To Die By State Senate

Communities Must Vote Again On Question Of Sale Of Liquor

HARRISBURG, Dec. 21.—The expressed will of voters in scores of Pennsylvania communities who voted in November to ban the sale of beer will be ignored.  
Under the new liquor control law there will be no dry municipalities before the next general election when the voters again may decide the legality of beer and liquor sales in their own communities.  
Representative William McElwee, Lawrence, introduced a bill which immediately would recognize the decision of communities that voted dry. The House passed it, but its failure to emerge from the Senate law and order committee automatically dooms it, and a vote on the local option feature is not possible again until next May, McElwee said.

A suggestion to newspaper men: the next time an actress yells, "I wish reporters would let me alone" why not fool her and do it?

**Aimee McPherson  
Planning Battle In  
Her Divorce Case**

**Evangelist Answers Charges  
Made By Portly Husband,  
Now Night Club Singer**

**SENSATIONS ARE  
BEING LOOKED FOR**

(International News Service)  
LOS ANGELES, Dec. 21.—A bitter court battle for divorce loomed today between Aimee McPherson, evangelist of Angelus Temple, and her husband, David Hutton, former temple choir singer now master of ceremonies in a night club here.

The golden haired evangelist charged Hutton with a long list of mental cruelties in a cross-complaint to Hutton's suit.

David, she charged, tried to ruin Angelus Temple; allowed himself to be photographed "with scantily clad chorus girls, whom he permitted to caress and kiss him," and billed himself as "Aimee's man" because he wanted "cheap publicity" in his new career as vaudeville entertainer.

Aimee Files Charges.

Sister Aimee's cross-complaint was filed only a few hours before she arrived home for the Christmas holidays. It had come by airmail from Cleveland where she signed it Sunday.

The fighting evangelist accused her portly spouse of causing her mental anguish and humiliation in the Myrtle St. John Pierre breach of promise suit filed three days after Aimee and Dave were married. He insisted that she pay the \$5000 judgment won by Miss St. Pierre, a pretty nurse, Aimee declared, and often awakened her in the middle of the night demanding money "which I know you have hidden away."

Allegations Denied.

Further, he threatened to amend his divorce complaint and make additional unpleasant charges against her unless she consented to a property settlement.

Sister Aimee denied all the allegations in David's complaint, sought the return of her former name, Aimee Semple McPherson, and listed the following alleged mental cruelties:

Miss St. Pierre's love balm suit grew out of actions by Hutton prior to the marriage of the parties hereto, and unknown and unanticipated" by Mrs. Hutton.

When the jury gave Miss St. Pierre a judgment, Hutton "cruelly, rudely and deliberately" shouted the news to Mrs. Hutton when she was gravely ill in her Moorish Temple home at Lake Elsinore, causing her to "faint and fall in such a manner as to fracture her skull and cause a permanent disability."

Wanted Property.

He insisted that a pre-nuptial agreement be abrogated because he wanted the silver, furniture and other personal property at Angelus Temple.

He demanded that Sister Aimee discharge all the officials and church board at Angelus Temple and place him in complete charge. This caused her "displeasure and ill health."

**Society Girl Elopes****CHARLOTTE MILBURN**

Setting New York Society circles agog, Charlotte Milburn, of the social register, and niece of Devereaux Milburn, noted polo player, has become the bride of Hugh Parker Pickering, of Chicago, following an elopement to Harrison, N. Y. Mrs. Hollingsworth Peabody of New York mother of the girl, asserted that the marriage was a "complete surprise" and that she knew Pickering only slightly.

**Senior High School News**

**CHRISTMAS CHAPEL**  
A very interesting and appropriate Christmas program was put on in the High school auditorium both Tuesday and Wednesday December 19 and 20. The high school orchestra opened the program with the selection, "Around the Christmas Tree." The story of the birth of Christ was read by Albert Dodds as the Ben Franklin chorus of girls, under the capable direction of Miss Esther Gibbons, sang Christmas songs. The students of Ne-Ca-Hi wish to express their appreciation to Miss Gibbons and her chorus for their splendid entertainment.

**VACATION**

Good old Ne-Ca-Hi has stood empty and forlorn for two days now. For Christmas vacation has come. No more do the halls echo and re-echo to the singing, whistling and merry greetings of the boys and girls. There is a certain something in the atmosphere around the building that tells us she misses her children. Her window-eyes have a far-away look. Perhaps she is thinking and dreaming of January 3, when her sheep will be gathered back to the fold-together once more.

**TEA GIVEN TO FACULTY**  
Last Tuesday evening immediately after school, a charming little tea was given by the Home Economics Department to the members of the faculty. The teachers found much to interest them in the work and displays of the department. The clever and useful gifts, created by the talented students of Mrs. Healy

and Miss Wallace, were attractively and colorfully laid out.

The sale of Christmas cakes, candy and orange peel was found to be equally satisfying. The faculty is looking forward to more affairs of this kind.

**SENIOR A-B DANCE**

The Senior B-Senior A dance was held Tuesday evening in the Senior High School from 8:00 to 11:30. The halls were decorated with the colors of the two classes, blue and white for the Seniors and orange and white for the Senior B's.

The Ne-Ca-Hi trio, Virginia Roberts, Ruth Wilkinson and Cecilia Hasulak sang during the intermission. The songs were "Lazybones" "By a Waterfall" and "Close Your Eyes." Miss Florence Burry also sang.

The music was furnished by a popular orchestra.

**FRENCH CLUB**

The weekly meeting of the French Club was held Tuesday. It was very short and the major part was taken up with business. Different members of the club were assigned to the various features of the French newspaper, the first issue of which will appear after the holidays. This newspaper promises to be very novel.

The date for the coming party was set for December 29. Many special guests have been invited, and it is expected that everyone will spend an enjoyable evening.

**GIRL RESERVES ENTERTAIN**  
Forty five little girls between four and five years of age enjoyed a most

pleasant afternoon when they were entertained by the Girl Reserves on Friday at their annual Christmas party. The program was as follows:

Play—Ben Franklin Girl Reserves  
"Why We Observe Christmas"—Jane Berthold  
Musical Nursery Rhymes—By Doris Marvin, Esther Pierce, Rebecca Samuel, Pauline Booher  
"Just Before Christmas"—Patricia Cubison  
Puppet Show—Denna Jean Beall  
Musical Nursery Rhymes  
Play—Senior High Girl Reserves  
Christmas Carols—Music group of the Senior High Girl Reserves  
At the conclusion of the program Santa Claus presented each little guest with a new doll, a pair of hose, a pair of gloves and a huge popcorn ball. Forty five happy little girls left that party, an event which they will probably remember for a long time.

The party is an annual affair sponsored by the Senior High Girl Reserves and supported by the entire student body. The committee arranging the affair included Lois Chambers, chairman, Eleanor Woolcott and Jane Bechtol. Those in charge take this opportunity to thank all the members of the faculty and the student body for their aid in making this worthwhile enterprise a success.

**HI-Y CLUB**

The Hi-Y Club of the New Castle Senior High School held its weekly meeting Monday night, December 18. President Howard Rumbaugh presided. The entertainment for the evening was provided by a debate. The topic was: "Resolved: The Government Should Control Radio." The affirmative side included Walter Conover and Herman Green and Bud Purdie. The neg-

ative side proved their worth by winning the debate.

It was decided that there would be no meeting until after the holidays on January 8.

**SENIOR DINKS**

After many weeks of anxious waiting the Senior A Class dinks have arrived. The dignified (?) Seniors are proudly wearing what they consider the classiest dinks that have been seen at the Senior High for many years. The dinks are blue and white, the colors of the class.

**PULASKI****WEDDING EVENT**

A very pretty wedding took place at the Presbyterian manse at high noon on Wednesday when Mrs. Etta Urey of Pulaski and A. T. Squires of Warren, O., were united in marriage by the Rev. William Parsons, D. D. pastor of the Pulaski Presbyterian church. The ring ceremony was used. The bridal couple were attended by Mr. and Mrs. Carl R. Urey, of Warren, Ohio. Following the ceremony a wedding dinner was served at Hotel Pulaski. Covers were laid for six at a beautifully arranged table. Those present were Mr. and Mrs. Carl R. Urey of Warren, O., Mr. and Mrs. Russell Michaels and Mr. and Mrs. Squires. Mr. and Mrs. Squires will reside in Pulaski for the winter.

**CHRISTMAS PARTY**

Perfect in every detail was the Christmas party given by Mrs. Jos. Clark and Mrs. Lisle Nottingham by Mrs. Joseph Clark and Mrs. Lisle Nottingham at the home of Mrs. Clarence Turner when they enter-

tained the members of the Elizabeth Parsons Bible class of the Presbyterian Sunday school on Tuesday afternoon, at a splendid chicken dinner. A duet was given by Mrs. John Neal and Mrs. Glenn Lewis. A duet "Silent Night" was sung by Mrs. F. E. Wallace and Mrs. J. P. Buckman and Christmas carols were sung and a general good time was enjoyed. Christmas gifts were exchanged. Mrs. Elizabeth Parsons and Miss Burdette Stevenson will entertain the class in January.

**PULASKI NOTES**

## RURAL SCHOOL DIRECTORS FOR TAX ON INCOMES

Send Letters To State Legislators Urging Support Of Income Tax Bills

Letters have been sent to State Senator Alonzo S. Batchelor, and Assemblymen William McElwee, Jr., and William J. Erce, Jr., by the Lawrence County School Directors Association, asking them to support House Bill No. 116, which sets up a graduated income tax for the support of public schools in the state. They also are in favor of House Bill No. 35, requiring the setting up and publishing of a budget, sixty days prior to the start of the fiscal year. They believe this would clarify the expenditure of public funds for the average citizen.

Support is also asked of House Bill No. 74 and Senate Bill No. 87. This sets up a special fund of five million dollars for the assistance of financially handicapped districts; and of House Bill No. 124 regulating child labor.

# Powers And Lee Near Completion Of Term As County Officers

With the closing of the December term of criminal court this week District Attorney John S. Powers and County Detective H. M. Lee close their terms of service. While they do not go out of office until December 31, their active work is about done as they have served their last term of criminal court, at least insofar as their present terms are concerned.

As the district attorney closed up a number of cases which had been pending he leaned back in his chair and remarked, "It's almost the end. Four years of service as the public prosecutor were drawing to a close rapidly. Asked whether or not he had enjoyed his term, Mr. Powers said:

"I have enjoyed it very much. There have been times when the work piled up and the going was hard, but over the four years I can say that I have enjoyed the work. In the 16 terms of criminal court that I have served as district attorney there have probably been some guilty persons turned free, but so far as I know there has never been one innocent person sent to jail. From now on I will be at the other table, defending and from a personal standpoint I would much sooner serve as a defense attorney than a prosecutor.

A Liberal Education  
County Detective H. M. Lee found his work a "liberal education" in the four years he has served. "It hasn't always been pleasant getting out on stormy nights to investigate crime, or to stay on a job night and day for two or three days without sleep. But it has been interesting," said he, "and educational. A man can learn a lot about his fellow man when he serves four years as a county detective and the experience I have had will be handy in whatever line I undertake." Whether Mr. Lee would return to the athletic fields as a coach he would not say but it is known that several schools have made overtures to him.

Powers and Lee took office in what was probably the most exciting time of the county's history, at least from a crime standpoint. Irene Schroeder and Glenn Dague, with Tom Crawford had just mur-

dered Corporal Brady Paul of the State Highway Patrol. On New Year's day of 1930 the entire eastern portion of the United States was being combed for traces of the murderer and every police official west to the Mississippi river knew of the crime. In addition, an old man had been murdered out in Neshannock township and this murder had to be solved.

Case Breaks  
Hardly had Powers and Lee taken office when word was received that little Donnie Schroeder had been found in Benwood, W. Va., and had implicated his mother. A week or two of excitement and then the capture of Irene and Glenn in the Estrella mountains in Arizona.

While Mr. Powers busied himself with the necessary steps here to get the case back, Lee rushed to Harrisburg, and with no sleep for 48 hours, had to entrain for Phoenix, Arizona, with a group of officers to bring the prisoners back.

In the meantime four boys had been arrested for the murder of the old man in Neshannock township, and the six murder cases were tried in the March term of court, 1930. Never had there been so much excitement in the court house. People came from other cities to try to get into the trial, some 50 newspaper men and women from out of town covered the Schroeder-Dague cases, and the trials lasted for a month. Schroeder and Dague were electrocuted as the result of the trial and the four boys went to the penitentiary.

Oddly enough the high spot of Powers and Lee's careers in their offices occurred at the very beginning of their terms. There has been nothing like it since, and the probabilities are it will be a long time before any other district attorney or county detective is confronted with a similar situation.

In the past year Mr. Powers has lost but one case he has prosecuted and that one case was a minor one. Somebody says a man's knees are a sure clue to his personality. Perhaps it is just as well that we are not addicted to the wearing of kilts.

## Schools For Jobless Are Well Attended At Williamsport

(International News Service)

WILLIAMSPORT, Pa., Dec. 21.—Schools for jobless adults, similar to the ones that half a dozen counties in the state recently launched, have been carried on in Williamsport for three years.

Since the local school district and the chamber of commerce launched their joint project in 1930, at least 500 unemployed men have been retrained and found new jobs in industry. Industries in all parts of the country turn to the local school when they need skilled men.

The local retraining schools limit their instruction to machine shop practice, automotive work, carpentering, electric welding, drafting, blueprint reading, mathematics, and business and commercial English. The courses are filled at all times and long lists of applicants are awaiting admission.

The total enrollment of the local school now is 248.

## Uncarths Rare Coin Digging In Garden

(International News Service)

MEDIA, Pa., Nov. 21.—One of the rarest coins of American mintage was recently unearthed "Nathan Tobias, an instructor at the Williamsport Trade School, while digging in his lawn near here.

The coin, a large copper penny of the year 1793, has a catalogue valuation of between \$100 and \$500. The coin is technically described as the "flowing hair liberty head" because of the unusual design of the Goddess of Liberty, who is shown with a great mass of hair flowing in the breeze.

Parts of the words "United" and "1773" are defaced, but all the rest is perfectly visible after 150 years Tobias said.

## Locals Look Good In Opening Battle

Coach Phil H. Bridenbaugh Presents Fast Combination In Pre-League Victory

Ridley and Kelly Lead in Scoring For New Castle; E. Waugh Best For New Ken High

New Castle High School basketball team opened its 1933-34 floor season last night at the George Washington Junior High court by handing a fast New Kensington High quintet a 28 to 22 defeat. Quite a large crowd attended the first game. Archie Ridley, Joe Kelly and Edward Waugh divided scoring honors for the battle. The Bridenbaughs were impressive in their first engagement. New Kensington put up a great battle the second half and made things interesting for the Red and Black team.

**Locals Take Lead**  
There was no scoring for the first several minutes. Archie Ridley broke the ice with a field goal and New Castle took a 5 to 2 lead at the end of the first quarter. In the second period New Castle piled up another big lead to go ahead 16 to 6 as the half ended. Kelly, Ridley and Reiber led the locals in scoring with E. Waugh and Ross the scorers for the Clockmen. The third period found New Kensington somewhat better than the first two periods. New Castle was held to five points while the visitors piled up eight points. E. Waugh again led the scoring for the invaders from the Allegheny valley. In the fourth period the New

Ken high team came to life with a bang and made it vastly interesting for the locals after what looked like a safe lead of 26 to 16, the New Ken high led by E. Waugh and Treclak piled in several baskets and the final count was 28 to 22.

**Ridley-Kelly Star**  
Ridley had four field goals and Joe Kelly had four baskets for the New Castle team. Reiber and Komnic played fine guarding games, but did not figure much in the scoring.

Coach Bridenbaugh used a complete second team making various substitutions throughout the game. Coach Glock used but two subs.

E. Waugh of the New Ken team with 15 points was the high scorer. The New Ken high team lost to Kiski by one point the previous night. New Kensington has won sectional honors for many years and has played at the Pitt Stadium several times, but were never fortunate enough to draw New Castle in the playoffs.

New Castle has the makings of another fast team this year with a little more training. The game was an hour late in starting last night when the New Ken high bus had trouble just outside the city.

**GAMES TONIGHT**  
St. Johns vs. First Christians B; First M. E. vs. Sacred Hearts A; and Epworth M. E. vs. Wesley M. E. A.

Tifereth Israel defeated Finnish Lutherans, 24 to 23, in an A division Church Basketball league game at the Y last night. The Lutherans led in the first half but Tifereth Israel braced and forged ahead in the second half. The result was not decided until the last minute of play. In the other B division games Highland U. ## Stanford End Is Ineligible For Bowl Game

Ruling Made That Al Norgard Cannot Play With Stanford New Year's Day

(International News Service)  
STANFORD UNIVERSITY, Cal., Dec. 21.—"We're not going to let that get us down," said Coach Claude E. "Tiny" Thornhill of Stanford today after it had been definitely ruled that the Cardinals' great end, Al Norgard, had been declared ineligible for the Rose Bowl game with Columbia on New Year's day in Pasadena.

"We've lost a swell end," Thornhill said.

"Stanford fortunately is fairly well fixed for ends. Lisle Smith and Keith Topping are good men, and I expect that Carlson, until recently a tackle, will be able to adapt himself to the position."

Norgard was ruled ineligible by Professor W. B. Owens of Stanford, who revealed that the end had played two minutes for St. Ignatius college in 1929 against the west coast navy team.

## New Wilmington And Union Will Play On Friday

Listless Trading  
In Stock MarketTrading Is Apathetic In  
New York Stock Mar-  
ket Today

(International News Service)  
NEW YORK, Dec. 21.—The stock market gave an uninspiring account of itself in one of the most listless trading sessions in some time today.

Trading was apathetic as most traders held to the sidelines and the list continued to show signs of the nervousness engendered by yesterday's break in some of the more volatile trading favorites including Celanese, Columbian Carbon and Johns Manville.

Early easiness in the general list disappeared to some extent around mid-day but this was apparently due to short covering and general technical reasons rather than to any aggressive buying operations.

Utility shares were under consistent pressure throughout the greater part of the forenoon session. Consolidated Gas rebounded fractionally after touching a new low for the year. The other utility shares including North American, American Water Works, and Columbia Gas were listless and failed to do anything.

There was improvement in the rails including New York Central, Northern Pacific, Southern Railway and Illinois Central. The improvement here was evidently due to the belief that tomorrow's loadings report would show a gain of about 50,000 cars.

Atlas Tack and Union Bag and Paper, the two issues whose gyrations unsettled the market in the past few sessions, were quiet today with trading light.

Prime industrial shares including United States Steel, American Can and others of the same calibre were sluggish and showed no disposition to break out on either side of the market. Motor shares were steady with Auburn scoring a slight gain after early weakness.

The commodity markets provided no stimulus to stocks. Wheat and other grains were mixed in light trading, while cotton was easy.

Although this picture might pass for an Arctic seascape, it was made from the Coast Guard cutter Manhattan, in the Hudson River, New York, as it ploughed through a broken mass of ice after ice cutters had opened the channel for river traffic. ## HEATHEN CUSTOMS SURVIVE IN PRESENT DAY CHRISTMAS CELEBRATION

Many former heathen customs are used by us in our celebration of Christmas. Giving of gifts and "mumming" or acting Christmas plays came from the Saturnalia at Rome, Italy. The Yule log, roasted pig, for the feast, Santa Claus and his reindeer, the lighted tree, all are part of customs long practiced by folk in northern Europe and adopted by the Christian church.

## State Senator Chapman Hurls Grave Charges

Brother Of State Senator Is  
Dismissed From High-  
way Job Result Of  
Controversy

**SAYS SUB GOVERNOR  
IS RUNNING STATE**

(International News Service)  
HARRISBURG, Dec. 21.—Threats of reprisals in the form of dismissal from state jobs of relatives and friends of senators who opposed Gov. Gifford Pinchot's move to discharge the senate executive nominations committee from further consideration of five public service commissioners filled the atmosphere on Capitol Hill today.

Frank G. Chapman, brother of Senator Leroy E. Chapman, already has been dismissed as assistant superintendent of highways in Warren county. The removal order, Senator Chapman charged on the senate floor, came from a "substitute governor" who he declined to name out of a "sense of delicacy."

**Mrs. Pinchot Named.**

Colleagues of the senator said the person Chapman referred to as the "substitute governor" was Mrs. Cornelia Bryce Pinchot, wife of the chief executive.

When the attempt to bring the name of Commissioner P. S. Stahlnecker, former secretary to the governor failed, administration forces abandoned plans at the direction of the governor to get the names of four others on the floor for a vote.

**Given Warning.**

"I was warned from the office of Governor Pinchot that unless I voted for such discharge of committee I would be punished," Senator Chapman asserted. "I went to the governor's office and found there, seated in the governor's chair, one about whom I cannot from a sense of delicacy make any comment. I was told that unless I voted for the discharge by the committee on executive nominations I could look for the consequences."

"I voted according to my convictions, believing that the traditions of the senate for more than 50 years warranted my action."

Chapman, heretofore a Pinchot supporter, was one of 27 senators voting against the discharge move.

**Brother Dismissed.**

"I was informed by telephone message that as my punishment for standing by my convictions and the wishes of my constituents, my brother, who happens to be assistant superintendent of highways in Warren county, had been summarily dismissed by the substitute governor," the senator remarked.

"Inasmuch as the elected governor of Pennsylvania is a sick man in a New York hospital, it is almost criminal that Pennsylvania is being devastated by a substitute."

## Will Terminate Butter Purchases

Secretary Of Agriculture  
Wallace Is Sharply Criti-  
cized For Policy  
Change

(International News Service)  
WASHINGTON, Dec. 21.—Decision of Secretary of Agriculture Wallace to terminate government butter purchases, which have been credited with holding up the butter market, was sharply criticized today by the executive committee of the National Co-operative Milk Producers' Association.

Secretary Wallace, in announcing a change in the policy, revealed that government butter purchases had reduced the surplus to approximately 7,000,000 pounds above the five-year average for December 1.

"Four million dairy farmers of the United States face a tragic outlook as a result of the abandonment by the secretary of agriculture of the program to support the butter and cheese markets," the Milk Producers' Association stated. "Failure of the administration to live up to the agreement," they charged, "combined with its indecisive policy" in butter purchases, caused a general breakdown of butter prices.

## Tiniest Baby At Findlay, Ohio, Is Taken By Death

Pound And Quarter Infant Dies  
Despite Meticulous Care,  
Doctors Amazed

(International News Service)  
FINDLAY, O., Dec. 21.—The pound and a quarter baby girl born to Mr. and Mrs. Charles Carmen last Saturday was dead today.

The infant, which was scarcely much larger than a doll, died last night in its shoe-box crib despite meticulous care and constant attendance during which it was fed twice an hour through an eye dropper.

Physicians expressed amazement that the child, which arrived four months before expected, survived as long as she did.

## Prodigal Stars Find Fatted Calves in Hollywood

Demonstrating that "bad" boys and girls of the film colony can be choosers and certainly need not be beggars, Hollywood appears to have a goodly share of fatted calves on hand for its prodigal sons and daughters when things are not running smoothly between them and their employers. Lee Tracy, for example, after being

dismissed by one studio for an escapade in Mexico, has found other studios willing to acquire his services with attractive offers. Although she deserted Hollywood in the midst of a film to have a throat operation in New York, Sylvia Sydney found the studio gates wide open to her when she returned. Similarly,

Ann Dvorak took French leave and went on a year's honeymoon in Europe, but found no difficulty in resuming her career when she came back to cinemaland. Ann Harding and George Raft, as well as several other stars, have "walked out" for one reason or another, but usually the difficulties were smoothed out.

## Russian Rancher Kills Friend And Commits Suicide

Former Russian Banker Now  
California Rancher Suicides  
After Fatal Shooting

(International News Service)  
SANTA ROSA, Cal., Dec. 21.—A quarrel over money, ending in a murder and suicide, had written fates to the lives of a former wealthy Russian banker and former nobleman of the Czarist regime, on a chicken ranch near here today.

The former nobleman was a janitor in a San Francisco building. The banker, once vice president of a chain of Russian banks, was a chicken raiser. Both fled Russia after the fall of the czar.

Michel Osetinsky, the rancher, shot John Ugolnikoff to death when the former nobleman demanded payment of a \$2,700 loan. Then he turned the gun on himself.

It is understood that, under the liquor code, pink elephants will not be allowed to appear in the same group with the blue eagles.—The Hartford Courant.
